

DIAMONDBACK TURBO-GUIDE

The Field Installed ***Diamondback Turbo Guide*** is the only ***Rod Guide & Paraffin Scraper*** of its kind! The Ultra High Molecular Weight Polyethylene guide has been CNC Machined to reveal the patented 22-Diamond-Shaped cutting features that expose 138 separate cutting edges! The guide is recommended for a maximum operating temperature of 180-degrees F and resists chemicals, salt water, Hydrogen Sulfide and Carbon Dioxide. The helical spirals are effective for gas wells where rod lift is a problem. No other rod guide can offer so much for so little!

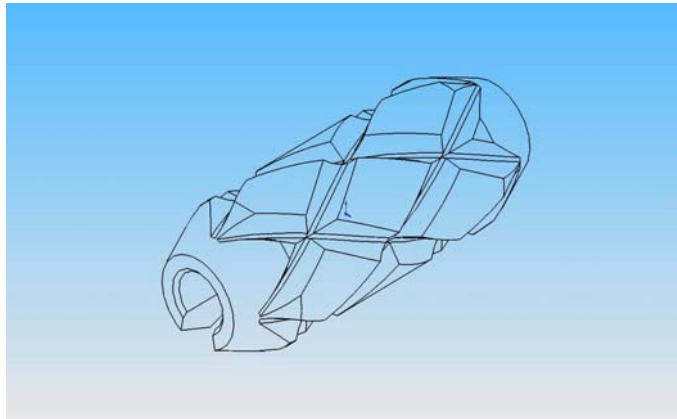

The Diamondback Turbo-Guide is offered in the following sizes:

SIZE	TUBING	P/N	ROD	INSTALLED O.D.
5/8" X 2"	2 3/8"	582	5/8"	1.850
3/4" X 2"	2 3/8"	342	3/4"	1.850
7/8" X 2"	2 3/8"	782	7/8"	1.850
3/4" X 2 1/2"	2 7/8"	3425	3/4"	2.300
7/8" X 2 1/2"	2 7/8"	7825	7/8"	2.300

DIAMONDBACK TURBO-GLIDE

- ✓ Field Installable
- ✓ Ultra High Molecular Weight PE
- ✓ (22) Diamond Backed Cutting Edges
- ✓ (138) Separate Cutting Edges
- ✓ Low Coefficient of Friction in well bore
- ✓ Superior Wear & Abrasion Resistant
- ✓ Resists Chemicals & Salt Water
- ✓ Hydrogen Sulfide Resistant
- ✓ Carbon Dioxide Resistant
- ✓ Outlasts Nylon
- ✓ Operates up to 180 degrees F
- ✓ 3100 PSI Tensile Strength
- ✓ Zero water absorption

***Manufactured by J. Mark Huckabee & Associates Lockhart, Texas 78644 830-875-6305
